

Jr. Designer/Fabricator

Curb Signs Inc. specializes in creating custom signage, and provides a number of other services to cater to our clients. We are seeking fresh minds that are interested in a challenge and a place to grow.

To be successful in this role, you must be a team player, have a drive to learn, and desire to turn a concept into reality.

About the Job:

- You would be assisting in the day to day operations of the print/fabrication team, including large format printing, utilizing Illustrator to create cut files, and assisting in the construction of various signs
- You will have the opportunity to learn about the industry and products, the material and equipment used, and apply your knowledge and skills to ongoing and future projects

Shifts:

- Monday to Friday; 9:00am to 5:00pm
- Monday to Friday; 3:00pm to 11:00pm

Job Duties:

- Assist in sign projects, and support team leads in print & fabrication departments
- Use Adobe Illustrator to create mockups and vector files for CNC machines
- Set up, operate, and maintain company equipment: Large Format Printer, Router CNC, Knife CNC, Laser CNC, Channel Bender, 3D and Raised Print Printers, etc.
- Assist with vinyl application and production of various signs (e.g. Wayfinding Signage, Channel Letters, Lightboxes, etc.)
- Receive and organize materials, assist with inventory, and order materials as needed
- Review projects, inspect signage, and advise production manager(s) of any issues

Job Qualifications:

- Background in Graphic Communications Management, Graphic Design, or Industrial Design
- Experience using Adobe Illustrator, and other Adobe Creative Cloud applications
- Previous experience in manufacturing is an asset
- Previous experience within the print/sign industry is an asset
