TORONTO METROPOLITAN UNIVERSITY CONFIDENTIAL SOFTWARE DISCLOSURE FORM

Office of Vice President, Research and Innovation, 350 Victoria Street, Toronto, ON M5B 2K3

1. Title of computer software:

2. Descriptive abstract of software: *(Please provide a brief summary of the program's objective.)*

3. Contributing developers: *(Preliminary and non-binding. **All must sign "Declaration" on the last page.**)*

Name	Title	TMU Department or Organization (if non-TMU)	Percent Participation

4. Sources of Support:

Collaboration with other institutions *(if none, please note.)*

Federal funds *(List granting or contracting agencies - if none, please note.)*   TMU Cost Centre

Corporate or Foundation sponsors *(if none, please note. Please specify any gifts.)*   TMU Cost Centre

5. **Demonstration of Computer Software:**

To who demonstrated within the university:	Department	Date Demonstrated

To who demonstrated outside the university:	Organization	Date Demonstrated

Who has a copy of the software *(if no one, please note)*:   Department/Organization   Date Given

Identify any program code, data, files or other incorporated elements (such as runtimes, voices or other sounds, graphics or other images) not original to the developer(s). Please append copies of releases or licenses.

Indicate if this software is a modification or an improvement to an existing work and identify that work and its developer(s):

TMU Software Disclosure Form – Rev 2.0

OUTLINE FOR DETAILED DISCLOSURE

A. **Description of the computer software:**

1. Describe the methods used by the software:

2. Describe what hardware configuration is required to operate the software:

3. Identify what operating system is required:

4. Indicate what utilities are required:

5. Identify what programming language was used:

6. Indicate in what code format you recommend the software be distributed (e.g., object code only, object & source):

7. Assess how user-friendly the software is relative to its intended users (e.g., does it have help windows, a written *User's Manual*?) (Please provide a copy of the latter if available):

8. Describe the current state of the program's development (Fully functional? Fully tested by you? Tested by others?)

B. Market potential for this computer software:

1. Point out the software's unique benefits to users and compare it to alternative products or techniques (Why would someone want to use this program?)

2. What level of support for this software are you prepared to provide?

3. Summarize the marketing information you have:
   a. Describe potential end users:

   b. Do you know some potential end users? If so, please list the following:

Organization	Personal Contact Name & Email	Phone Number

   c. Estimate the price range for this software:

   d. List potential publishers and/or distributors:

Organization	Personal Contact Name & Email	Phone Number

4. Do you know any independent experts in this technology or the relevant software market with whom we may communicate, with your approval, to get additional information?

                Name   Email Address   Phone

5. While searching for potential licensees and/or research partners, the OVPRI will, with your assistance, produce a brief (i.e., one-page) non-confidential summary of your invention or idea. As part of this "technology marketing" exercise, we may, with your permission, post a copy of this description on our website or partner websites.

    Do you agree to allow the posting of a non-confidential summary of your technology on our website?   Yes   No

6. I/We have read, understood and agreed to all of the preceding and declare that all the information provided in this disclosure is complete and accurate. To the best of our knowledge, all persons who might legally make an ownership claim on this invention are identified on Page 1 of this disclosure.
