**BACHELOR OF FINE ARTS IN PERFORMANCE DANCE**

# Push the boundaries of artistic expression through dance.

Dance is a conservatory-style program where you'll receive rigorous training in multiple forms of dance, including ballet, modern, contemporary, jazz, West African, street styles and partnering.

To help you become a versatile performer and expand your professional opportunities, this core training is combined with classes in improvisation, composition, music, acting, film, and other creative practices. With plenty of opportunities to collaborate and perform with highly acclaimed guest artists and arts organizations, you'll gain the experience necessary to build a successful career as a performer, choreographer, educator, and more.

## CANADA'S CULTURAL HUB

You'll study in Toronto, home to the third-largest English language theatre district in the world, internationally renowned professional dance companies, and a North American film and television hot spot. You'll be constantly in touch with the city's diverse performance scene and linked to our professional networks for further training opportunities, jobs, and mentorship.

## PERFORMANCES

Hone your craft through frequent performances in original works for the stage and film, choreographed by faculty and acclaimed guest artists. The annual Choreographic Works production features original student creations on The Creative School's very own main stage. Spread your wings in the final capstone project, fully produced and choreographed by the graduating class!

## **PROFESSIONAL COLLABORATION**

Access a unique opportunity to collaborate with renowned choreographers and industry professionals to make performances come to life, offering a real-world experience. Previous collaborations include Fall For Dance North, Luminato Festival and more.

## **HANDS-ON LEARNING**

With 20% of class time spent in lectures and 80% of time spent in studio, no other school in Canada offers such an intensive conservatory training program with a university degree.

## **GO INTERNATIONAL**

Gain a global perspective through international short-term travel intensives including our Italy and UK campuses, among other international hubs, or through virtual courses that let you collaborate with like-minded students on a global scale.
