

## CHEMICAL ENGINEERING GRADUATE PROGRAM YEATES SCHOOL OF GRADUATE STUDIES

Master of Engineering students may use this form to apply to substitute two (2) courses for the Project from the course elective list or switch to a Project option if they were initially accepted into the Course Option program. Please refer to the Chemical Engineering program curriculum here. Please attach a letter giving detailed reasons for this application. This form should be completed by the student, then signed by both the student's Advisor(s) and the Program Director, and returned to the Program Administrator in room KHS241-i.

As explained thoroughly in the attached letter I,		, will be:	
	g two courses in place of the MEng Project (Course Option). o the MEng Project Option		
Reasons for this sw	itch and circumstances under which it is necessary are explained in d	etail in the attache	d letter.
I am aware of the to by the Program Dir	fact that I cannot switch back to the Project Option when my reques	st for the Course Op	otion is approve
