

COURSE OPTION FORM

Part-time students may apply to substitute 2 courses for the Project from groups I or II. Please refer to the Chemical Engineering program curriculum at http://www.ryerson.ca/content/dam/graduate/graduate_calendar/current/CM134CP1.pdf

Please attach a letter giving detailed reasons for this application. This form should be completed by the student, then signed by both the student’s Advisor(s) and the Program Director, and returned to Program Administrator, Alison MacLeod in Kerr Hall South: KHS 241B.

As explained thoroughly in the attached letter I, _____, will be substituting two courses in place of the MEng Project (“Course Option”). Reasons for this switch and circumstances under which it is necessary are explained in detail.

I am aware of the fact that I cannot switch back to the “Project Option” when my request is approved by the Program Director.

Student ID: _____

Name(s) of Advisor(s): _____

Area of Specialization: Water and Food Treatment Technologies Polymer and Processing Engineering

Please list your completed/intended courses for your program below:

Course Number	Title	Term to be Taken	Completed
Program Core Course (2 credits required)			
Specialization Courses (8 credits required)			

Student’s signature: _____

Date: _____

Supervisor: Approved Denied _____

Date: _____

Director: Approved Denied _____

Date: _____

Distribution: Student file
