

ELECTIVE COURSES

Please Note: The following list has been provided for students' convenience. Elective course offerings are determined by the teaching department and not all elective courses are offered in each semester or every year. Please consult the most recent Ryerson Course Calendar for up to date information on elective courses. Students may request permission from the Midwifery Education Program to take electives not shown here.

NOTE: MWF 108 Aboriginal Childbearing is a required course for students entering the program from Fall 2013. For students who entered prior to Fall 2013, this is an elective course. MWF 325 is an elective course for all students.
