

**BIOMEDICAL ENGINEERING GRADUATE PROGRAM
YEATES SCHOOL OF GRADUATE STUDIES**

**Course Approval Form
BE8003: Directed Studies in Biomedical Engineering (MEng/MASc/PhD)**

All Biomedical Engineering graduate students who take BE8003 for credit must have this form completed, approved with all required signatures and submitted to the Program Administrator **no later than** the last day to add courses for the term.

Student Name:		Student ID:	
Check one only:			
Master's Level	Fall Term	Spring / Summer Term	Winter Term
PhD Level	Fall Term	Spring / Summer Term	Winter Term
Supervising Professor's Name *:			

BE8003 provides various possibilities to pursue directed studies topics approved by the course supervisor and thesis supervisor, including other specialization course topics that are not offered on a formal 'in-class' basis. This course normally involves the preparation of a substantial research paper.

Please attach a detailed course outline using the required FEAS template , including: 1) a title; 2) a brief description; 3) a list of learning objectives and/or outcomes; 4) reading materials and/or assignments; 5) a bibliography, 6) frequency of student/instructor meetings and means of communication; and; 7) an evaluation schema with significant dates. Please provide a brief description below:		
Final Report submission deadline (normally by the final week of the term):		
	Signature	Date
Student:		
Supervising Professor:		
Program Director:		

* The supervising professor is normally the student's thesis supervisor; but can also be any other faculty member in the Biomedical Engineering graduate program who is a member of the School of Graduate Studies at Ryerson University.
