

## Graduate Student Research Progress Report

This report is used to maintain a record of student progress and to assign a term performance designation in research and other non-course academic activities. Student must complete this form for every term in which they are registered. PLEASE TYPE OR PRINT LEGIBLY. In addition to assigning a performance designation grade, this report is used as a formal document on research directions, so thoroughness is encouraged. It is both student's and supervisor's responsibility to:

1. meet, discuss the progress, makes appropriate comments, and assigns a performance designation for the dissertation/thesis/MRP progress; and
2. ensure that the completed form is returned to the Associate Chair/Graduate Program Director by the due date.

Failure to submit a completed Progress Report by the term deadline will be interpreted as Unsatisfactory progress, and an 'UNS' grade will be assigned.
