MSc/PhD Thesis/Dissertation Revision Verification Form

This form must be filled out and submitted to the Program Office after all corrections requested by the Oral Examining Committee have been made and only when the final version of the Thesis/Dissertation is ready to be published. There are two sections to this form; one is for minor revisions and the other is for major revisions. You only need to complete Section I or Section II. For major revisions, all Examining Committee members, as well as the Program Director, must sign off that the student made all the changes required by the Oral Examining Committee.

Student Name	Student I.D.
