

Every MSc student in the Molecular Science Program at Ryerson University must submit a Thesis Proposal Approval form **by the end of the second term of registration**. Students and supervisors should discuss with members of the student's supervisory committee the most appropriate format for the thesis proposal. There are no specific program guidelines for this proposal. If you have additional questions please contact the Graduate Program Administrator.

If the proposed research involves human subjects, animal subjects or biohazard materials, the student and supervisor must submit a protocol for research ethics review. For more information visit torontomu.ca/research/resources/ethics/animal/
