Graduate Program in Civil Engineering
MEng / MASc / PhD
Program of Study

The Faculty Supervisor will recommend an initial Program of Study and submit it for approval by the Associate Chair, Graduate Studies. The Program of Study establishes the student's plan of courses and research, which the student will follow in completing their MASc/MEng/PhD degree requirements. This is the starting point for the student's record and will be used to monitor the student's progress in courses and in their thesis. This form should be completed within the first four weeks of enrollment and should be reviewed and updated each term prior to course enrolment.

PLEASE SUBMIT TO GRADUATE PROGRAM ADMINISTRATOR BY DEADLINE PROVIDED

Last OR Family Name :	First Name :	Student ID:

Degree:	Area of Specialization:	First Term of Registration:	Expected Completion Date:

I understand that, as a graduate student, I am required to maintain continuous enrollment until the completion of my degree, unless on a program-approved LOA or withdrawn from the program. I understand the minimum residency for a full-time student is 12 months, and the minimum residency for a part-time student is 24 months.

SUPERVISOR/SUPERVISORY COMMITTEE

Supervisor's Name: _____ Signature: _____

Co-Supervisor's Name: _____ Signature: _____

Supervisory Committee (not required for MEng/MASc):

_____ | _____ | _____ | _____

Does the student require Environmental Health & Safety training, i.e. for research/lab actvities? Yes No

If "yes", please specify the type of traiing required:

Please note: The Supervisor should consult with the Centre for Environmental Health and Safety Management to make any necessary OHS training arrangements for the supervisor under his/her supervision (Ryerson ext. 7096).
