Card Number: _____			
Name on Card: _____			
Expiry Date: Month _____ Year _____			
			Cardholder Signature _____
			Ryerson Student Number _____

Definition:

A Letter of Permission (LOP) is a formal authorization for students who wish to take courses at other accredited post-secondary institutions for credit towards their Ryerson Degree or Certificate program.

Instructions:

1. Complete Part 1 of the application form and attach a detailed course outline of the course you wish to take at the host institution. A separate application form is required for each course/institution.
2. Submit the form with payment to the ServiceHub, POD 150 (the \$40.00 LOP application fee is non-refundable). The application will be sent to Curriculum Management for an initial assessment. If required, the Curriculum Management Office will forward the application to the Teaching Department for review.
3. The official LOP decision (approved/denied) will be sent to your mailing address on file; or, if requested, held for pick-up at the ServiceHub, POD 150. Processing times may vary. A minimum of five (5) business days is required.
4. Once you have received the LOP, you may enrol in and complete the course. In order to receive credit for the course, you must submit an official transcript from the host institution to the ServiceHub, attention Transfer Credit Unit.

Eligibility:

- You must be an active student enrolled in a program of study at Ryerson University. LOPs will not be granted to students with a Special Student or Withdrawn status.
- You must be in good academic (clear) standing in the session prior to enrolment at the host institution.
- You must not have a hold on your student record with an enrolment impact preventing you from adding or dropping courses at Ryerson. Your Letter of Permission Application will not be processed if there is a hold on your account.
- You must not have been awarded transfer credit for 50% or more of your Ryerson program requirements (e.g. Direct Entry students are generally not eligible for an LOP).
- You must not have already received credit for the course(s) or for similar courses at Ryerson (transfer credit or you passed the course at Ryerson).
- You must not be in your first term of undergraduate studies at Ryerson (because you do not have an academic standing yet).

Conditions:

- Course(s) must be applicable to your Ryerson program curriculum requirements.
- Course level status at the host institution must match the Ryerson course (degree level for degree level). Course(s) that are completed at higher level status (degree) may satisfy a lower level status course (certificate) requirement.
- Courses from accredited universities will be considered for transfer credit when successfully completed with a minimum grade of 60 percent or C-.
- Courses from accredited post-secondary colleges and institutions of technology will be considered for transfer credit when successfully completed with a minimum grade of 70 percent or B-. Some college courses will not be considered for transfer credit regardless of the grade achieved.
- Performance indicators other than alpha or percentage grades are not accepted for transfer credit. i.e. PSD (passed), CRT (credit), EXP (exempt), EXM (exam), etc.
- Course(s) must be completed in the term approved on the Letter of Permission in order to receive credit at Ryerson University. The LOP is invalid if courses are not completed in the approved term.
- Course(s) taken on a LOP will count toward cumulative course attempts.
- Course(s) taken on a LOP will not count in the term or the cumulative GPA (grade point average).
- Applications for Liberal Studies course(s) require approval and signatures from the Faculty of Arts.
- Engineering students require the approval and signature of the Dean of the Faculty of Engineering and Architectural Science.
- Transcripts for course(s) completed in a student's graduating year must be received by the final date to clear all outstanding academic graduation requirements to be eligible for graduation. More information on Significant Dates for Graduation and Convocation can be found online.
- The prerequisite for the required course must be successfully completed in order to be eligible to take the subsequent course. If you are currently enrolled in the prerequisite course, you may be granted permission to take the LOP. However, until the prerequisite course is successfully completed, you will not receive credit for the course taken on LOP.
