

C

RYERSON/SCHOOL OF EARLY CHILDHOOD STUDIES BEFORE AND AFTER SCHOOL PROGRAM

Our Philosophy

The B&A program located at Our Lady of Lourdes Catholic School is committed to diversity and inclusion. We provide a program that acknowledges a child's diversity and their inclusion in their various communities as critical to their optimal development. We follow an inquiry and play based curriculum. Children are offered challenging play activities that promote and enhance each child's physical, social, emotional, language and intellectual development. Children are encouraged to make choices about what they want to do and how they will go about doing it. Each child, with his/her unique abilities, is encouraged to develop problem-solving skills, creativity, a sense of responsibility, independence and a positive sense of self-worth.

About the Program

We are a third party program operating in the Toronto Catholic District School Board. We are part of the Faculty of Community Services – School of Early Childhood Studies-Early Learning Centre at Ryerson University. Our program offers field experiences to current students in the program. We have a commitment to offering exemplary services to the community and families in our care.

Summer Program

We offer a summer camp within the school during July and August. The program offers special activities in addition to regular programming such as dance programs, soccer sessions, music experiences, and field trips.
