

COMPANY: Imaged Advertising Creations

LOCATION: Toronto, ON

TYPE: Full-time

DESCRIPTION:

You're an experienced print operator, and a master of small-format printing. You could print custom business cards in your sleep.

Now you want more.

You want a role where you can grow your career by producing innovative, top-quality products for a discerning clientele.

We're Imaged Advertising Creations, and that's what we do. We're one of the few elite full-service visual communications companies in Toronto. From business cards to building wraps, vehicle fleet graphics to HD video menus, we make our customers stand out.

We're looking for a skilled print supervisor to join our team of customer-focused problem solvers. We're hoping our search ends with you.

Print Supervisor (Small-format)

Your goal in this role will be to run our small-format print department. Most of our day-to-day business is in larger formats, and we're seeing a high potential in this other channel of business. The moment we have a talented supervisor on board, we'll be able to capitalize on the opportunity at hand.

You'll take jobs from A to Z, as the main person in this new department. If large volume jobs come in, you'll outsource those to suppliers that we work with. Your experience with pre-press, and your ability to build productive relationships will be key.

You'll operate the digital printer, a Konica Minolta AccurioPress. You'll also cut, laminate, and finish the projects. The finishings will include stapling, gluing, saddle-stitching, and various other bindings.

Our small-format printing is some of our most interesting work. People come to us for high-quality, creative products that will wow their sophisticated audience. Your days will be peppered with interesting challenges and beautiful work that will make you proud.

If you turn out consistently great work, you'll see your department grow in volume and staff. Your impact and your wage can grow quickly.

You're a great fit for this role because you're:

Bold - you're not afraid to ask questions, and have the confidence to make tough calls when needed.
A leader - your ability to build a team and keep them engaged will be valuable as this department grows.
Detail-oriented - you're energized by poring over details, and get satisfaction out of catching tiny errors before they become big problems.

Working @ Imaged Advertising Creations

This is a full-time, permanent role working between 8am and 5pm, with some flexibility on start times. Wage for this role will be commensurate with experience, and as you grow, your wage will too. We also offer competitive benefits.

Ten years ago, we were a one-person company. Now we're a team of around 50, and on pace to outgrow our 27,000-sq. ft. facility. We are a company with growth in our DNA. Every project is different, so we face new challenges daily. If you love learning, you'll fit right in.

You couldn't ask for a better job if you're looking to leverage your printing experience to produce big results for a business, and ultimately your income. You'll have all the support you need to succeed with our easy-going, creative, energetic team.

Qualifications:

- Experience working as a print operator in small formats
- Experience doing pre-press in a professional context
- Experience with multiple finishing techniques
- Adobe Creative Suite experience for preparing proofs for press, and manipulating small-format files.
- Experience dealing with multiple suppliers, costing materials and services
- Experience using printer controlling software, particularly Fiery

How to Apply:
