Master of Science in Management

Work with leading thinkers and applied researchers to learn about the complex problems facing modern organizations. You will develop your program of study and thesis research working with a faculty supervisor from the AACSB-accredited Ted Rogers School of Management, Canada’s preeminent entrepreneurial-focused business school. Students gain qualitative and quantitative research skills across several management disciplines and pursue research careers in industry and academia.

Research Areas

- Accounting
- Entrepreneurship and Strategy
- Finance
- Global Management Studies
- Health Services Management
- Hospitality and Tourism Management
- Human Resources Management and Organizational Behaviour
- Information Technology Management
- Law and Business
- Marketing
- Real Estate Management
- Retail Management
