

Informed Consent for Participation in SRC Activities

While Ryerson University (the “**University**”) has put in place reasonable measures to reduce the spread of COVID-19, the University cannot guarantee that any individual using the University’s facilities, or participating in SRC activities organized by the University, whether on-campus or off-campus will not become infected with COVID-19.

As part of those safety measures and for the benefit of the broader Ryerson community including your fellow students, the University is asking students who will be attending the campus in person as part of in-person SRC activities to carefully review, confirm, and agree to the statements made below by checking the corresponding box prior to participation in the SRC activities.

I understand that:

- COVID-19 is extremely contagious and can spread by person-to-person contact, with droplets produced by a person who has the virus. COVID-19 has been declared a worldwide pandemic by the World Health Organization. Yes

- By participating in on-campus SRC activities, I could become infected with COVID-19, which could result in extended quarantine/self-isolation, hospitalization that may require medical therapy/intervention or intensive care treatment, death, or other additional risks, some of which may not currently be known at this time. These risks could cause me to incur medical and other expenses. Certain individuals with underlying conditions are at higher risk of contracting COVID-19 and experiencing significant personal injury or death. Yes

I agree that:

- I have informed myself of the risks of COVID-19. I knowingly and willingly consent to participate in the SRC activities even though my participation and interaction with others could heighten the chances that I become infected with or spread COVID-19. Yes

- Neither I, nor anyone in my household, has travelled outside of Canada in the past 14 days. Yes

- Neither I, nor anyone in my household, has been diagnosed with COVID-19, believes that they have been exposed to a person with a confirmed or suspected diagnosis of COVID-19, and/or is being directed by a health care provider to self-isolate. Yes

- Both I and the individuals in my household are following recommended public health guidelines as much as possible, including but not limited to practicing physical distancing, engaging in proper handwashing, wearing masks while in enclosed public spaces, and respecting inter-provincial travel recommendations. Yes

- I will not participate in any of the SRC activities if, in the fourteen (14) days prior to such SRC activities, I have experienced any of the symptoms associated with COVID-19 unless (a) I have received a negative COVID-19 test result; and (b) I did not travel outside of Canada in the last 14 days; and (c) I have had no close contact with someone who tested positive for COVID-19; and (d) I have been symptoms-free in the last 24 hours. Yes

- I will abide by all policies, procedures, protocols, standards and instructions for health and safety that the University may impose related to the SRC activities to promote public health and safety. I understand and agree that failure to do so may result in my dismissal from these SRC activities. Yes
- If my answers to any of the above statements change prior to me commencing the SRC activities or during the SRC activities, I will withdraw myself from the SRC activities and inform the University by emailing my responsible faculty member or supervisor. Yes
