RYERSON ACHIEVEMENT REPORT

A sampling of achievements and appearances in the media by members of the Ryerson Community for the September 2006 meeting of Academic Council.

Events

Ryerson welcomed first-year students during **Orientation Week**. The festivities kicked off with a welcome address by **President Sheldon Levy** and included a scavenger hunt, a student musical performance and the Ryerson Community Welcome Picnic. The Ryerson Students' Union's **Week of Welcome** featured Campus Groups Day, the 49th annual Parade and Picnic on Centre Island and Shinerama, the national fundraiser for cystic fibrosis. This year, Ryerson students raised \$4,000 for the Canadian Cystic Fibrosis Foundation, bringing the total that Ryerson students have raised to approximately \$90,000.

The G. Raymond Chang School of Continuing Education celebrated the official opening of its new home, **Heaslip House** at a community open house. **President Levy**; Dean **Anita Shilton**; **Adam B. Kahan**, VP, University Advancement; **Nona Macdonald Heaslip** and **Jeremy Salter**, CESAR president, delivered remarks in the state-of-the-art Peter Bronfman Learning Centre. A VIP reception and President's Dinner to honour donors will be held on September 26.

Four Ryerson alumni were featured at the 31st annual [Toronto International Film Festival](#). The work of filmmakers **Peter Mettler**, Image Arts '82; **Adam Garnet Jones**, Image Arts '06, **Mazdak Taebi**, Media Arts '93, and photographer **Edward Burtynsky**, Image Arts '82, were presented at the Festival.

Radio and Television Arts (RTA) grads **Mark Bishop** and **Matt Hornburg**, both RTA '02, have received eight nominations for the 21st annual **Gemini Awards** for TV shows *Burnt Toast*, *This is Daniel Cook* and associated websites.

English Professor **Randy Boyagoda**'s first novel, *Governor of the Northern Province*, is longlisted for the 2006 [Scotiabank Giller Prize](#), the most prestigious award for Canadian fiction. The \$40,000 grand prize winner will be announced at a black-tie gala in November.

In August, Ryerson collaborated with the **POA Foundation** on **Project Beyshick**, a week-long program for aspiring First Nations entrepreneurs. Ryerson Business professors and ACE Ryerson facilitated job shadowing, workshops and seminars in Thunder Bay and Toronto. The POA Foundation is a charitable organization founded by Ryerson donor **Aditya Jha** to promote education and entrepreneurship among disadvantaged groups.

Also in August, Ryerson hosted 500 delegates of the **XVI International AIDS Conference**. Among the delegates were 106 African grandmothers who lost their children to AIDS and are now the primary caregivers for their grandchildren. Sponsored by the Stephen Lewis Foundation, they traveled abroad for the first time for the three-day **Grandmothers' Gathering**, where they discussed the HIV/AIDS pandemic in Africa with 200 Canadian grandmothers.

Guang Jun Liu, Associate Professor of Aerospace Engineering, became Ryerson's seventh **Canada Research Chair (CRC)** in July. Dr. Liu holds the CRC in control systems and robotics. His research focuses on unique ways to design and control robots and aircraft systems.

Media Appearances

Assistant Professor **Jason Nolan**, School of Early Childhood Education, was recently profiled in Canadian Press for an innovative blogging and podcasting project that he has launched this fall for his first-year class. As part of a class assignment, his students will blog their thoughts about a course topic. "I'm able to give a lot more direct hands-on work with students in class," said Nolan. The

professor will also record his lectures and post them on a class website so students can listen to them anytime. The story was picked up by electronic and print media across the country including the Halifax Daily News and CBC.ca.

Chad Nuttall, Residence Life Coordinator, was recently on Canoe Live to provide tips for new university students.

Metro News profiled one of Ryerson University's successful alumni, **Sathish Bala**. The founder of NewAge Consulting, which was voted by *Profit Magazine* as one of the top 50 companies in Canada in 2004, talked about how his academic experience at Ryerson propelled him to where he is today. "(It) focused on hands-on learning as much as it did on theory, (and) also encouraged students to enrol in 'non-core' subjects, so I was able to study philosophy, business and communications," said Bala, who was elected student body president for computer science.

First Year in Forty Minutes, an innovative pre-orientation workshop for first-year students run by Student Services was profiled in The Toronto Star, picked up by Canadian Press Wire and ran in several other Ontario community papers. First-year program facilitator **Rachel Barreca** was interviewed by the Star for the story. "You can just go to class but then you're not getting the full experience," said Rachel Barreca, Ryerson's facilitator of first-year programs. "We want to show them that there's a lot more here that will enhance their university experience."

The Toronto Star profiled Associate Professor **Farrokh Janabi-Sharifi**, Department of Mechanical and Industrial Engineering, who launched the first student academic journal for students in North America. The story was also picked up by Metro News. "I hope it will open them to the idea of engaging in research work and contributing to the education and science community rather than just coming here to study and then get out and get a job," said Janabi-Sharifi.

Several professors including **Paul Knox**, Chair of the School of Journalism, and Professor **Murray Pomerance** of the Department of Sociology, were quoted in the media about the JonBenet Ramsey murder case.

The media including Broadcast News interviewed **Dr. Tony Hernandez**, Director of the Centre for the Study of Commercial Activity, extensively following his keynote address at a retail shopping centre conference in Halifax.

Metro News's special supplement on professors and instructors profiled two of Ryerson University's outstanding faculty: history professor **Arne Kislenko** and **Genevieve Farrell** of the School of Business Management. Professor Kislenko was lauded for his recent achievement as winner of TVO's Best Lecturer competition in 2005 and Farrell, a business instructor, was highlighted for her outstanding teaching work in her classroom. She was also one of six recipients of the Learning and Teaching Office's Teaching Excellence Awards this year. The Kingston Whig Standard also covered Professor Kislenko's TVO Best Lecturer award.

Newly appointed professor **Gregory Levey** of the Department of Professional Communication has made a huge media impact at Ryerson with an opinion piece on Israel and the Middle East conflict, which the ran in the Globe and Mail. CTV News also interviewed him on the Hezbollah-Israeli conflict in August.

Professor **Arne Kislenko** gave his views on airplane and travel security in the wake of thwarted terrorist plots in London, England, which occurred in August. Global TV, CITY-TV in Edmontaon and CHEK9-TV in Victoria were among the media who interviewed him on this news story. Kislenko also discussed the outbreak of violence in Sri Lanka with OMNI –TV.

Professor **Judy Rebick**, CAW-Sam Gindin Chair in Social Justice and Democracy, wrote an editorial piece for the Toronto Star about her interview with Bolivia's president Evo Morales as he starts on the journey towards transforming his country. She was in Bolivia working in a new book about new paths to social and political change.

Globe and Mail's Career section recently profiled business professor **Fei Song's** research on pay-for-performance incentives. "Some people are not able to deal with uncertainty that well," Fei Song, a professor in Ryerson University's School of Business Management, said in an interview.

A study on workplace privacy by Business Professor **Avner Levin** received considerable media coverage this summer. The 22-page report “Under the Radar,” funded by the Privacy Commissioner of Canada and the Faculty of Business, and was featured in numerous national and local media outlets across Canada.

Prepared by the Office of Public Affairs.

UNIVERSITY FOUNDATIONS ACT, 1992

COMMENCEMENT

Commencement This Act comes into force on Thursday, *June 27, 2002*

Note: This document is a consolidation of texts.

(September 12, 2002)

1. President's Report – The President announced that Professor Phil Bergerson (Image Arts) was the recipient of the 2006 Sarwan Sahota Award. Judith Sandys gave a brief overview of the award which recognizes faculty who have made an outstanding contribution to knowledge or artistic creativity in their area or expertise, while at Ryerson. Prof Bergerson's accomplishments as a visual artist were outlined and Professor Bergerson made a brief speech of acceptance and expressed his gratitude..

The President then announced the Honorary Doctorate recipients for the upcoming convocations. The recipients are: Piers Handling and Adrienne Clarkson (Communication & Design); Landon Pearson and Judith Shamian (Community Services); Buzz Hargrove (Arts and Community Services); Heather Reisman and Christine Magee (Business); Margaret Somerville and Pierre Lassonde (Engineering, Architecture and Science).

Internal report – The President thanked everyone who worked in the MTCC exam process. He commended the Secretary and all of the staff who made it happen.

Ryerson is one of the 12 (of 16) universities that has decided not to participate in the Maclean's graduate survey. Maclean's has now requested the results of the other surveys such as NSSE. Under FIPPA, which becomes effective in June, the NSSE survey will be posted on the web and the address will be given to Maclean's. They will be advised that this report is not a graduate survey.

Thanks to L. Grayson and L. Allan and their team, the Ryerson pension fund regulations have been amended to eliminate a unique feature that would have required millions of dollars be put into the pension fund. This money would not have benefited any individual.

As a follow-up to a request at the last meeting, the Interim Accountability Agreement was posted on the Ryerson website.

One of the recommendations of the Decentralization report was that a clear process for space allocation should be developed. The President asked the Provost to present the highlights of that process. E. Aspevig reported that space requests were of two types: minor space changes and renovations, which would be dealt with monthly; and more complex issues regarding space which becomes available, which will be dealt with on a semester to six month basis. Extraordinary requests, such as CFI will be dealt with as needed. There will be forms, submitted to an advisory committee, consisting of Campus Planning, University Planning and faculty reps. The Provost makes the final decision.. The process will be piloted this summer. It was later clarified that the space planning process would be distributed in the next week, and that there would be a tie to academic plan objectives.

President Levy reported that the university is close to appointing the Vice President Research and Innovation and the Chancellor. He is close to announcing the membership of the Provost Search committee.

External – The President was asked to make a presentation to the Standing Committee on General government regarding Bill 53 - City of Toronto Act. He reinforced the message around the importance of the University as a city builder.

The graduate allocation funding report has been submitted. P. Stenton, M. Yeates and E. Aspevig were commended for the strong submission. An answer is expected in a few weeks.

The President attended an alumni event in Ottawa which was very successful. Alumni were joined by perspective students. About 80 attended.

President Levy recognized those for whom this was the last Academic Council meeting, and read a list of their names. Judith Sandys and Sue Williams were specifically commended for their long service on Academic Council.

P. Stenton was introduced to present the National Survey of Student Engagement 2005: Highlights of Results, which was distributed. A NSSE advisory committee was established to look at the survey and determine what the best way was to analyze the results. More detail is available in each Dean's Office. This year Ryerson participated in the survey for the second time. All universities will be required to participate next year. There was a brief presentation. There was a 41% response to the survey done on line with 2000 first and fourth year students. Comparisons were made to comparable Canadian and American institutions. In general, all Canadian institutions are behind the American institutions in the benchmarks. Ryerson is ahead of other Canadian institutions in a variety of areas. Information was added to the Canadian survey on travel time. Not surprisingly, Ryerson has a higher number of commuting students with longer travel times than the comparator universities.

D. Mason commented that Community Services and Communication and Design may be contributing to the high numbers in the report. P. Stenton will report back on this analysis.

N. Loreto asked about the on-campus student response which appears to be high. P. Stenton replied that this is a result of it being a year one and year four study, and residence is higher for first year. She further asked about the cost of the survey and it was responded that the survey cost about \$7,000 plus the cost of analysis. The President reiterated that after this year participation is not voluntary.

It was clarified that this is not a survey of US Master's students but of students in Masters Institutions. The President reminded Council that the results will be more meaningful when there is a comparison with the next survey.

2. Report of the Secretary of Academic Council – D. Schulman reported that, in addition to the items in her report, Ron Keeble has been appointed to replace Nina-Marie Lister for next year. J. Morgan noted that the dates for the administration of the Faculty Course Survey were in error. The dates will be verified and revised if necessary.

3. Good of the University – J. Dianda chaired.

L Grayson followed up on questions from the previous meeting and gave a brief update.

- Why are students who are not Ontario residents ineligible to be Research Assistants?
 - The Summer Research Program is limited to Ontario residents and requires that students have an unmet financial need as defined through OSAP. These are Ministry requirements, not Ryerson requirements. This is the same program as last year. The University will, however, review the program and determine whether internal funding might be added to broaden the program.
- Can the University absorb the cost of a fee statement error that resulted in an additional cost of \$7.60 for some students?
 - A very small number of students were undercharged for their health and dental premiums. When this was identified late in the year, the students affected were charged the amount owing which was \$7.60. Given the small numbers involved, the University waived the costs.
- Can the University waive fees for seniors taking CE courses who have difficulty downloading their tax receipt from RAMSS?

- The University has a long standing policy in place not to charge fees to seniors for this service.
- Update: At the October 11, 2006 meeting of Academic Council (pp. 61-65) new procedures were put in place to ensure appropriate decision-making processes for sharing information between Security and external law enforcement agencies. At that time she committed to coming back to Academic Council in the spring with an update on whether the new procedures are working. The procedures are working well, but there have not been any particularly challenging inquiries to deal with over the last several months. She is, however, absolutely confident that the University is well positioned to handle any complex inquiries that may arise in the future.

N. Loreto reported that foreign students can now work off campus.

J. Dianda commented that if the Standards report could be moved earlier in the agenda, M. Zeytinoglu could avoid staying for the entire meeting.

The President commented that he has neglected keeping to the by law allowing only two comments on a particular matter, and that he would be adhering to the rule.

4. Minutes

Motion: That Academic Council approve the minutes of the April 11, 2006 meeting.

D. Mason moved, S. Cody seconded.

N. Loreto requested that Page 11 be amended to insert “financially “support Ryerson. A. Johnson stated that a correction to her comment on page 15 will be sent to the Secretary by email. K. Jones noted that he was in attendance.

Minutes approved as amended.

5. Business Arising out of the Minutes

5.1 Report of the Ad Hoc Timetabling Committee - The President summarized that at the last meeting there was a request for forums for discussion of the report. That has happened and the motion is still on the table. There were two forums since the last Academic Council meeting. It has been determined that it is necessary to emphasize the supports that are available for the chairs/directors. Even if timetables were moved out by only a month, it would still be a clear improvement. Therefore the dates in the report are revised to be moved backward by one month.

K. Tucker-Scott stated that at the last forum there was a question about why there are two timetable submission dates when it is possible for departments to do fall and winter loadings at the same time – perhaps in mid-May. K. Alnwick stated that they can be the same date but this date would be later than the submission date for fall and earlier than the submission date for winter. This could be discussed by the ad hoc work group which is proposed.

S. Cody noted that the NSSE survey reports the percent of students who get the courses they want and asked if the new process would change these percentages. D. Mason stated that he hears that students do not get the courses they want, and this might actually improve.

J. Morgan stated that he was still concerned with the ruling that the working committee, established by a motion to Academic Council, is not a committee of Council. He is not challenges the ruling, but would like it noted that this is an exception, and that there is no oversight of this committee other than having the Provost report back.

J.P. Boudreau asked if the work of the existing committee is complete, what the cycle of the proposed committee is, and, if the current committee continues to exist, what is the role of the chairs/directors. D. Mason replied that the results of the report might be seen for fall 2007, but may not be possible until fall 2008. The existing committee ceases when the motion is passed. The new committee would hopefully be active in soliciting input from chairs/directors. The President commented that there is an assumption that there will be effective communication with the key players.

N. Loreto asked if there were any students at the first Town Hall and noted that there were only two at the second. She believes the student voice is not being heard. She is concerned that the composition of the proposed committee is not outlined, and that there is no specification of one or more students. She suggested a friendly amendment to include “suitable representation of academic and administrative staff and students” Friendly amendment accepted.

Motion approved as amended.

Motion #4: *That Academic Council approve the submission of the proposal for an MA in Media Production to the Ontario Council for Graduate Studies for Standard Appraisal.*

D. Lee seconded.

In response to a question from D. Johnston it was explained that advanced standing was eliminated a few years ago. There are a series of certificate programs in CE. The admission requirement is a four year degree or the equivalent with a B average. There are CE certificate programs in which students can make up their deficiency.

Motion approved.

Motion #5: *That Academic Council approve the submission of the proposal for an MFA in Documentary Media to the Ontario Council for Graduate Studies for Standard Appraisal*

P. Schneiderman seconded.

Motion approved.

Reports of Committees The Chair moved to item 8.3 with Council's approval.
8.3 Report #W2006-3 of the Academic Standards Committee

Motion: *That Academic Council approve the proposed curriculum restructuring in the Architectural Science program.*

E. Aspevig moved, A. Ganuelas seconded

M. Zeytinoglu briefly presented the report.

J.P. Boudreau commented that there is a nice synergy between the bachelors and masters programs. He noted that there are not many courses outside the program and there is not much social science or science. M. Zeytinoglu commented that there will be 6 Liberal Studies courses and they can choose URP and Interior Design. They can select physics as well, and the program meets the requirements of architecture programs. G. Kapelos commented that there was a significant opening of the curriculum.

J. Dianda congratulated the program on the reworking of the curriculum. There was some discussion and explanation of the computation of course hours in the program.

Motion approved.

8.1 Report #W2006-1 of the Composition & By-Laws Committee

Motion: *That Academic Council approve the By-Laws of the Urban and Regional Planning School Council*

8.2 Report #W2006-2 of the Nominating Committee

Motion: *That Academic Council approve the nominees for Standing Committees for 2006-2007*

M. Dionne moved and reported, M. Yeates seconded

It was asked why there was no student on Awards & Ceremonials Committee, and the Secretary explained that this was the committee that approved student graduation and awards.

Gerald Hunt commented that he was not on the Nominating committee. The Secretary will make the correction. It was noted that some members were serving a third term, and the Secretary explained that the By Laws permitted three terms in special circumstances.

9. New Business

9.1 Academic Plan. Update – E. Aspevig presented the report, stating that the academic plan is progressing well and all are to be commended for working toward achieving objectives. The report is not a fully detailed report but rather a high-level summary of the Faculty submissions. Ryerson is moving forward to becoming a comprehensive university, with undergraduate programs, graduate programs and SRC. Programs are growing out of Ryerson's unique and significant strengths. The University is continuing to draw on and contribute to the community. There is continuing strength in CE.

N. Loreto asked about the increased use of “clickers”. T. Dewan explained that “clickers” allow for audience response.

J. Morgan asked about TAs. Departments that do not have graduate students are reliant on York or U of T students. Departments are required to post for “up to” a certain number of hour but these hours can be reduced in the third week. E. Aspevig is also concerned, and there needs to be more predictability in the TA work.

J. Morgan raised an issue about the Ryerson Medical form and the information that is being given on that form. The Secretary will look into the matter.

V. Fox was introduced to AC.

The President thanked everyone in the room and wished everyone well.

The meeting adjourned at 8:15 p.m.

Re: Policy on **Academic Accommodation of Students with Disabilities**

Date: September 15, 2006

Purpose of the Accommodation Policy

The decision to form a committee to draft an accommodation policy grew out of faculty questions and concerns about the accommodation process that were communicated to the Access Centre Coordinator by the Secretary of Academic Council. Clarification was required about the role of the Access Centre and faculty in decision making and the provision of accommodations, and the role of students in communicating their accommodations to faculty.

The goal of this policy is to outline the development of collaborative partnerships between faculty, students and the Access Centre to ensure that student learning is effectively facilitated and academic standards are maintained.

Committee Members were selected based on their expertise as well as their responsibilities. They were: Marion Creery, Tanya Lewis, Judith Sandys, Diane Schulman, and Ann Whiteside. Nora Farrell acted as an advisor to the Committee. Guests included Gillian Mothersill, Chair of the Academic Council Appeals Committee

Process

1. Draft Policy Development

The committee collected accommodation policies from other universities. Sections were discussed and adapted based on the Ryerson context by the committee until agreement was reached on a draft document.

2. Policy Consultation:

Consultations were conducted by Shirley Lewchuk with both faculty and students.

2a. Student Consultation

560 Access Centre students were sent a copy of the policy on two separate occasions and asked to comment. One reply was received.

4 students met during the summer of 2005 in a focus group.

3 student leaders were asked to read and comment on the policy. Their concerns reflected those of the students mentioned above.

2b. Faculty Consultation

Twelve faculty members and one Student Affairs Officer met in the fall of 2005.

2 from Business

5 from FCAD

2 from Arts

2 from Community Services

2 from Engineering

2c. Administration

The draft accommodation policy was reviewed by the Academic Planning Group (APG), the Academic Standards Committee and Senior Directors. Deans were asked to share the policy with their Chairs for comments.

All of the input from the various groups was considered, and the policy revised as appropriate.

Motion: That Academic Council approve the policy of Academic Accommodation of Students with Disabilities.

RYERSON UNIVERSITY
POLICY OF ACADEMIC COUNCIL

ACADEMIC ACCOMMODATION OF STUDENTS WITH DISABILITIES

Policy Number:	159
Approval Date:	October 3, 2006
Policy Review Date:	Fall, 2008 (or sooner at the request of the Provost and Vice President Academic; Vice President, Administration and Student Affairs; or Academic Council)
Responsible Office:	Provost and Vice President Academic and Vice President, Administration and Student Affairs

I. INTRODUCTION

The University provides academic accommodations for students with disabilities in accordance with the terms of the Ontario Human Rights Code. This occurs through a collaborative process that acknowledges a collective obligation to develop an accessible learning environment that both meets the needs of students and preserves the essential academic requirements of the University's courses and programs. This policy reflects the *shared* responsibility of students with disabilities, instructors, Departments/Schools, Faculties, the Access Centre and administrative staff to exercise flexibility and creativity in the provision of academic accommodations.

The University is committed to the fostering of an inclusive climate of equitable access, understanding and mutual respect which recognizes the dignity and worth of all persons, provides equal rights and opportunities without discrimination, and protects the privacy, confidentiality, comfort, autonomy and self-esteem of students with disabilities.

This policy applies to academic accommodations involving undergraduate and graduate students in full-time and part-time programs, certificates, and continuing education courses.

II. DEFINITIONS

- A.** A student with a disability means a student who, as a result of a physical, sensory or mental impairment or a learning disability, encounters barriers that substantially limits at least one major life activity.

See *The Ontario Human Rights Code* for more information on the definition of disability.

- B.** An accommodation is a planned variation in response to a disability in the way a student receives course materials and/or participates in course activities, and/or demonstrates mastery of course content. The purpose of an accommodation is to allow an otherwise qualified student to "successfully meet the essential academic requirements of the program, with no

alteration in standards or outcomes, although the manner in which the student demonstrates mastery, knowledge or skills may be altered". (Guidelines for Accessible Education, Ontario Human Rights Commission, 2004, page 29). Accommodations must be respectful of students and responsive to their requests as much as possible. However, accommodations may not fully reflect a student's request.

- C. Documentation means a written evaluation or report provided by an appropriate and regulated health care professional(s). The documentation must be current and comprehensive.
- D. Essential academic requirements are the knowledge and skills that must be acquired and demonstrated in order for a student to successfully meet the learning objectives of the course/program.

III. PRINCIPLES REGARDING ACCOMMODATION OF STUDENTS WITH DISABILITIES

Duty to Accommodate

The University has the obligation to meet the needs of students with disabilities in ways that do not discriminate. The needs of each individual student with a disability must be assessed to determine the appropriate accommodations. Not all students with the same disability will have the same needs. Once a student's needs have been accommodated, it is the student's responsibility to meet the essential academic requirements of a course/program and to follow accommodation procedures. All faculty have the obligation to be aware of and knowledgeable about effective implementation of accommodation or seek required support. In determining eligibility for university awards, scholarships or other opportunities, the qualifications of students with disabilities will be considered on an individual basis in consultation with the Access Centre.

B. Duty to Provide Evidence of Disability

The student is responsible for providing relevant and recent medical documentation that substantiates a disability according to the guidelines in this policy and Access Centre procedures (available at the Access Centre). The documentation must demonstrate that the disability has an adverse impact on the student's ability to perform on an equitable basis in an educational environment.

C. Limitations on the Duty to Accommodate

The University will accommodate a student with a disability so that the student may fulfill the essential requirements of a course/program. In some circumstances, the nature and degree of a disability can mean that no accommodation would enable an individual to meet the essential academic requirements of a course/program or to meet the behavioural expectations of the University. In these cases, the University is *not* required to accommodate and may refuse to provide accommodations. However, efforts must be made to survey all reasonable options.

D. Confidentiality

The University requires sufficient information to reasonably evaluate and respond to a student's request for accommodation. For this reason, students are required to provide information concerning the impact of their disability, their needs and restrictions. All documentation related to disability is submitted to, and held in locked and confidential filing cabinets in, the Access Centre. Information on accommodation is only released on a need-to-know basis within the Ryerson community.

E. Resolution of Disagreements

In the event that agreement regarding the provision of accommodations can't be achieved between the student, the instructor and the Access Centre, efforts to resolve the issues will be made using the attached procedures. The principles stated in this policy will be used in resolving outstanding issues.

APPENDIX

IV. PROCEDURES

The Vice President Academic and the Vice President Administration are responsible for the regular review of procedures ensuring the principles within this policy are maintained.

A. ROLES AND RESPONSIBILITIES

1. University Application Process:

- a. Applicants are strongly encouraged to declare their need for accommodations in the application process and to seek assistance in selecting their courses/programs from their prospective department in collaboration with the Access Centre.
- b. All medical documentation related to the applicant's disability will be held by the Access Centre. Relevant information related to making admissions decisions will be disclosed, as required.
- c. Ryerson will, upon request, provide admissions information to applicants in alternate formats (Braille, audio tapes etc.), within a reasonable timeframe. The Access Centre may be involved, as required.

The Chair/Director shall work with the applicant and the Access Centre to determine what, if any, accommodations might be reasonably made to enable the applicant to meet the essential academic requirement.
- f. In the event that the Chair/Director, in conjunction with the Dean, determines that accommodation would cause undue hardship, or where no accommodation would enable the student to meet the essential academic requirements, the applicant shall be so informed and other options shall be discussed; and
- g. As with all students, admission does not guarantee that an applicant will, in fact, be able to meet the essential academic requirements of the program or any specific course.

- h. inform their instructors, as soon as possible, for each course where accommodations are requested and meet with them as required to discuss arrangements for accommodations;
- i. understand that he/she may not appeal on the basis of disability where he/she has chosen not to use an approved accommodation while completing a course; and
- j. request that their eligibility for university awards, scholarships or other opportunities be considered on an individual basis.

4. Instructors shall:

- a. treat students with disabilities with respect, and work to ensure that their confidentiality and privacy is maintained and make every effort to develop an inclusive learning environment;
- b. refer students as appropriate to the Access Centre;

- d. participate, when needed, in structuring an appropriate accommodation plan that meets the needs of the student and satisfies the essential academic requirements of the respective course/program;
- e. notify the student and the Access Centre as soon as possible, regarding concerns about fulfilling the essential academic requirements of the course/program within the recommended

accommodation plan, and continue to work with the student and the Access Centre to explore alternative accommodations. If unsuccessful in developing an appropriate accommodation plan, refer to the Department/School Chair/Director;

- f. incorporate techniques to maximize accessibility within the classroom environment;
- g. confer with the Access Centre if the proposed accommodation plan is not appropriate or effective; and
- h. be aware of, and comply with, this policy, and become knowledgeable about removing disability related barriers within classrooms and in implementing accommodations.

5. The Department/School Chair/Director shall:

- a. provide an opportunity for all faculty members to familiarize themselves with this policy;
- b. ensure that resources are provided by the department/school, Faculty or University, as appropriate, to support necessary accommodation plans crafted collaboratively by the instructor, the student and the Access Centre;
- c. consult with students and the Access Centre, as required, when students have first identified their need for accommodations. This may occur prior to registration, following registration, or when a student approaches the Access Centre with an accommodation request;

- c. provide resources as appropriate to implement any necessary accommodation plans;
- d. ensure that accommodations received by students will not be a barrier to eligibility for university honours or opportunities.

7. Registrar's Office shall:

- a. forward any accommodation requests and documentation provided by a student, before or at the time of registration, to the Access Centre;

- b. collaborate with the Access Centre in implementing accommodations where the requirements fall within the jurisdiction of the Registrar's Office, (e.g. the provision of special timetabling or classroom use);
- c. make accommodations for convocation ceremonies, in conjunction with the Access Centre as appropriate, with advance notice from the student or other relevant parties.

12. University shall:

PROCEDURES FOR THE RESOLUTION OF DISAGREEMENTS

1. Review of Accommodation Plan if Not Accepted:

If agreement among the student, the Access Centre and the instructor about a recommended accommodation plan cannot be reached, the instructor shall discuss the matter with the Chair/School of the Department/School, normally within five working days of the receipt of the accommodation request, or as soon as possible after it becomes evident that the accommodation cannot be made.

The Chair/Director will consult with appropriate offices and individuals affected by the situation. If the Chair/Director, after such consultations, agrees with the terms of the proposed accommodation plan, or a revised plan, the accommodation shall be granted and the Chair/Director shall so advise the Access Centre, the instructor and the student in writing. However, if the Chair/Director agrees with the instructor that the accommodation is not appropriate, the Chair/Director shall forward all relevant documentation, normally within five working days of being contacted by the instructor, to the Dean for his/her review.

The Dean shall, in turn, review all relevant documentation and consult with the student and other appropriate offices in an effort to resolve the matter. If the Dean concludes that the student should be accommodated in accordance with the proposed accommodation plan, or a revised plan, the accommodation shall be granted and the Dean shall notify the Access Centre, the instructor and the Chair/Director of the Department/School, normally within ten working days.

If the Dean concludes that the accommodations are not appropriate, the Dean shall notify the Access Centre, in writing, normally within ten working days of being contacted by the Chair/Director, that the accommodations shall not be granted. A copy of this letter shall be sent to the student, the instructor, and the Chair/Director of the student's Faculty.

2. Accommodation Pending Review:

The University recognizes that decisions involving accommodations must be made expeditiously to assist students in their on-going courses. In the event that a request for accommodation is under review, the instructor and the Access Centre shall review the accommodation plan to determine what portion, if any, of the plan it is feasible to implement immediately.

Where a student has been accommodated, pending the final outcome of all reviews, and the final result is that the accommodation should not be granted, the Chair may, in his/her discretion, recommend that a student be retroactively withdrawn from a course.
