COURSE DESCRIPTION

The purpose of CVUP 100 is to help prepare students for entry into Year 3 of the program by introducing topics that are the precursor to the courses offered in their first semester of full-time study.

The course will address the following areas: planning concepts; planning techniques; planning theory; policy in the planning realm; and the institutional context of planning. While the course will address the basis of physical design and related planning concepts and techniques, it will also focus on contextual factors impacting on planning practice and the theoretical underpinnings of planning.

COURSE INSTRUCTION MODES

The course will use a variety of instructional modes including lectures, demonstrations, group discussions, and individual presentations. Classes will be held in the School of Urban and Regional Planning (3rd Floor) at 105 Bond Street from 10:00am-4:00pm. There will also be several off-campus learning sessions.
COURSE FORMAT

CVUP 100 is organized as a series of modules that will run during the 15 days of instruction. The modules, order of presentation, and general course schedule are as follows:

COURSE REQUIREMENTS/ASSIGNMENTS

CVUP 100 is evaluated on a Pass/Fail basis. Students will complete a number of in-class assignments that may include exercises, presentations, and short papers. Satisfactory completion of all assigned work in CVUP 100 is required as the basis for receipt of a final offer of admission to the PLAB and PLAD programs.
COURSE READINGS

There are three required textbooks which are required reading for the course:

(Toronto: Thomson Nelson, 2013) NOTE: 5th Edition is also acceptable.

Xun Wu, M. Ramesh, Michael Howlett and Scott A. Fritzen.  

(New Jersey: John Wiley and Sons, Inc., 2010) NOTE: 3rd or 4th Edition is also acceptable.

The books by Hodge and Howlett/Ramesh are available in the Ryerson University Bookstore.

ACADEMIC INTEGRITY

Academic integrity is the cornerstone of the University, of academe, and of higher learning in general. To protect and uphold academic integrity, it is the responsibility of each Professor to teach, exemplify and discuss issues of academic honestly in the classroom. It is the corresponding responsibility of each student to learn and understand what constitutes honest research and to be able to demonstrate the originality of his/her work if called upon to do so. For example, at any time you may be asked to explain your work, as feedback and review are essential to learning, and a vital part of the normal critique process.

At a minimum, for every assignment, the sources of all data and ideas must be properly referenced using a standard academic referencing style. The failure to reference an assignment properly may constitute plagiarism, resulting in required academic penalties.

Each student is expected to be familiar with Ryerson University’s Student Code of Academic Conduct (Policy 60) available at http://www.ryerson.ca/senate/policies/ as it governs all issues of academic integrity including all penalties, disciplinary decisions and appeal processes. For further information and on-line tutorials, students are encouraged to visit the University’s Office of Academic Integrity at http://www.ryerson.ca/academicintegrity/

The preferred style used in the study and practice of Urban and Regional Planning and in this School is the APA style. For more information see www.apastyle.org

In addition to in-class discussion and assignments as one means of preventing plagiarism in written assignments, the online plagiarism review system—turnitin.com—is used in this course. By taking this course, students agree that, unless the “conscientious objector” option is utilized (see below), all required papers will be submitted for textual similarity to turnitin.com to aid in
the detection of plagiarism. All submitted papers will be included as source documents in the turnitin.com reference database solely for the purpose of detecting textual similarity among submitted papers. The use of the turnitin.com service is subject to the terms of use agreement posted on the site http://www.turnitin.com/

Conscientious Objectors:
Students who do not wish to have their papers screened for textual similarity by turnitin.com are instead required to submit with their assignment: (i) an annotated bibliography; and (ii) copies of the cover page and first cited page of each reference source. Students must inform the professor by August 10, 2018 via e-mail if they do not want to use turnitin.com.

**COURSE CHANGES**

Alterations in the course assignments, deadlines, or marking scheme as indicated in this Course Outline will be discussed in class prior to being implemented.

**COURSE MANAGEMENT POLICY**

The School of Urban and Regional Planning Course Management policy is available to all students on the School’s Planning Handbook (www.ryerson.ca/surp), and it is also attached to this Course Outline. Please be sure to read it. This course adheres to the University’s Course Management Policy (Policy 145) which can be accessed at http://www.ryerson.ca/senate/policies/

**COURSE EVALUATION AND INSTRUCTION**

A course/instruction survey approved by the Chang School of Continuing Education will be completed at/near the end of the three-week course.

**Academic Consideration**

- Students must submit assignments on time and write all tests and exams as scheduled.
- Assignments submitted for grading will be handed back within two weeks except for the final exam.
- **There will be no penalty for work missed for a justifiable reason. Students need to inform the instructor of any situation that arises during the semester that may have an adverse affect on their academic performance, and request any necessary considerations according to the policies and well in advance. Failure to do so will jeopardize any academic appeals.**
- Except in cases of accommodations for disabilities, where documentation is handled directly by the Access Centre, students must fill out an Academic Consideration form and submit it

4
In addition, the following procedures must be followed as well:

- **Medical certificates** – If a student is going to miss a deadline for an assignment, a test or an examination because of illness, he/she must submit a medical certificate (see [www.ryerson.ca/senate/forms/medical.pdf](http://www.ryerson.ca/senate/forms/medical.pdf) for the certificate) to their program office within 3 working days of the missed assignment deadline, test or examination. The program office will notify the instructor that the documents have been received. It is the student’s responsibility to make arrangements with instructor for a make up exam.

- **Religious observance** – While it is strongly encouraged that students make requests within the first two weeks of class, requests for accommodation of specific religious or spiritual observance must be presented to their program office no later than two weeks prior to the conflict in question (in the case of final examinations within two weeks of the release of the examination schedule). The student must submit a Request for Accommodation form ([http://www.ryerson.ca/senate/forms/relobservforminstr.pdf](http://www.ryerson.ca/senate/forms/relobservforminstr.pdf)) to their program office. The office will notify the instructor when they have received the request form.

- **Other requests for Academic Consideration** which are not related to medical or religious observation must be submitted in writing together with the Academic Consideration form to the student’s program office. The letter must clearly state the reasons for the request and describe the events or circumstances that seriously impair the student’s ability to meet their academic obligations, and that were beyond the student’s control. When possible, supporting documentation must be attached to the letter. The office will notify the instructor when they have received the request.

- **Students with disabilities** - In order to facilitate the academic success and access of students with disabilities, these students should register with the Access Centre [www.ryerson.ca/accesscentre/](http://www.ryerson.ca/accesscentre/). Before the first graded work is due, students should also inform their instructor through an “Accommodation Form for Professors” that they are registered with the Access Centre and what accommodations are required.

- **Regrading or recalculation** – These requests must be made to the instructor within 10 working days of the return of the graded assignment to the class. These are not grounds for appeal, but are matters for discussion between the student and the instructor.

- Submission of the Academic Consideration form and all supporting documentation to your program office does not relieve you of the responsibility to NOTIFY YOUR INSTRUCTOR of the problem as soon as it arises, and to contact with the instructor again after the documents have been submitted in order to make the appropriate arrangements.

- If you do not have a justifiable reason for an absence and/or have not followed the procedure described above, you will not be given credit or marks for the work missed during that absence.
For more detailed information on these issues, please refer to Senate Policy 134 at (Undergraduate Academic Consideration and Appeals) and Senate Policy 150 (Accommodation of Student Religious Observance Obligations). Both can be found at www.ryerson.ca/senate/policies/.
