Learning is different here

At Ryerson, learning extends beyond the classroom because education and experience go hand in hand. Whether it’s co-ops, internships, field placements or industry projects with leading corporations, get the opportunities and strong academic foundation you need to launch your career. Our Career & Co-op Centre helps you apply your academic studies to hands-on scenarios, build your network of contacts and increase your job prospects after graduation.

Our startup culture

Ryerson has built an entrepreneurial culture through a unique model of experiential education called Zone Learning. The 10 different zones on campus help you apply your degree coursework toward projects that span various disciplines and industries. Whether you want to launch a startup, start a social venture or contribute to a big idea, our zone network allows you to work with experienced entrepreneurs, collaborate with industry partners and gain real-world skills.

Where you belong

Ryerson is a place where anyone with the drive to succeed can find a home. Whether you’re an activist or an athlete, an entrepreneur or an Instagram influencer, an international student or a commuter from the suburbs, we’re here to guide you through your university career – whatever that might look like. Toronto is your city and Ryerson is your campus. This is where you’ll shape your story. This is where you belong.

Your city awaits

Ryerson’s campus is located at the heart of the most dynamic city in Canada. When you step out of the classroom, opportunity and excitement surround you. From Toronto’s globally renowned food scene to its diverse neighbourhoods and cultural events, the city is a hub for exploration and discovery. Find your home – and your future – in this energetic city full of career opportunities thanks to a booming job market.
Learning on a global level

Challenge your worldview and build intercultural skills by taking advantage of Ryerson’s many global learning opportunities. Spend a term – or even a year – at one of 80 partner institutions, whether that’s in Auckland, Amsterdam or Singapore. Or keep it to a short-term course abroad, such as two weeks in Barcelona. From Japan to Germany and Brazil to Nigeria, our students have conducted research and completed work internships, co-ops and field placements around the world. Now it’s your turn.

Vibrant spaces and communities

Ryerson has the services, learning spaces and athletic facilities to help you reach your personal and academic best. This place is about bringing people together, whether it’s to participate in study sessions, student groups and cultural events, or to cheer on one of our nationally ranked varsity teams or to play an intramural sport. From downtown residences to the Sheldon and Tracy Levy Student Learning Centre to the Mattamy Athletic Centre, you’ll find a beautiful campus that’s dedicated to fostering the university’s vibrant and inclusive community.

Innovation is in our DNA

It’s the strand that connects our commitment to experiential learning and our culture of entrepreneurship. It’s also what makes an undergraduate degree here unique. We believe that students learn best by doing, so our programs are designed to equip you not only with the knowledge but also the skills required to establish fulfilling careers and contribute meaningfully to society.
